Kristian Sofus Hansen &
Tommy Hyldahl

Drop Chandelier - Burned Black (5m)

Product Description

You can almost sense the movement of the Drop Chandelier, as if it were a living sculpture, effortlessly adapting to its surroundings.

This striking design doesn't just occupy space - it transforms it, radiating elegance and artistry. Rooted in the timeless aesthetics of 1950s modernist lighting, the Drop Chandelier pays homage to the past while embracing the future.

Its fluid, organic form is brought to life through 14 flexible, adjustable arms, allowing for endless compositions, angles, and expressions. The gently curved shades create a dynamic play of light, making every moment feel unique.

Crafted with meticulous attention to detail, the chandelier's plated metal body is carefully hand-brushed with a finish in Burned black, ensuring a refined, artisanal touch.

The Drop Chandelier transcends conventional lighting - it is a refined expression of artistry, fluidity, and timeless innovation.

Designer Description

Tommy Hyldahl and Kristian Sofus Hansen intertwine their distinct sensibilities to create designs where storytelling, materiality, and timeless form meet in quiet harmony.

With a background in fashion, Tommy brings an intuitive eye for trends, colors, and textures. His process is one of layering histories, blending details and references from past design periods and reimagining them into something fresh and contemporary. Each collection unfolds as a narrative, evolving from concept to creation, with every element contributing to a greater story.

Kristian, who has lived and studied in Japan, seeks to unite Japanese aesthetics with Danish design, creating a characteristic twist on simplicity itself. His work is defined by the search for subtle, original details that elevate each piece with a unique signature. Drawing inspiration from art and sculpture, his creative process unfolds in new and exciting ways, always striving to craft designs that are both functional and timeless.

Together, they craft design that transcends time, poetic yet practical, expressive yet enduring.

Family Description Text

You can almost sense the movement of the Drop Chandelier, as if it were a living sculpture effortlessly adapting to its surroundings. This striking design doesn't just occupy space it transforms it, radiating elegance and artistry. Rooted in the timeless aesthetics of 1950s modernist lighting, the Drop Chandelier pays homage to the past while embracing the future. Its fluid, organic form comes to life through 14 flexible, adjustable arms, allowing for endless compositions, angles, and expressions. The gently curved shades create a dynamic play of light, making every moment unique. Transcending conventional lighting, the Drop Chandelier is a refined expression of artistry, fluidity, and timeless innovation.

Color Description

Burned Black is a deep, charcoal-black tone enriched with a subtle warm red undercurrent. Its matte powder-coated surface delivers a smooth, consistent appearance, while gentle tonal shifts emerge as light moves across it. Bold yet quietly warm, Burned Black brings depth, richness, and a refined architectural presence to any palette.

Drop Chandelier - Burned Black (5m)

Maintenance Guide Description

Our lights crafted in powder coated aluminium are designed to offer lasting durability and a refined, contemporary finish. To preserve their beauty and ensure long-lasting performance, regular and gentle care is essential. The powder coated aluminium should be dusted regularly with a soft, dry microfiber cloth, and for deeper cleaning, a slightly damp cloth with mild, pH-neutral soap may be used, wiping gently to avoid compromising the coating. Avoid abrasive pads, acidic or alkaline solutions, solvents, or metal polishes, as these can dull, scratch, or damage the surface. Always switch off and unplug the light before cleaning, and prevent exposure to excessive humidity or direct water contact to protect both the coating and the internal electrical components. With simple, consistent care, the powder coated aluminium will maintain its elegant finish, ensuring your light remains beautiful and timeless for years to come.

Materials Description

Powder-coated aluminium reflects the balance of strength and refinement. Each piece is coated with precision, resulting in a smooth and uniform surface that emphasizes form and silhouette with clarity. The finish enhances durability while introducing a calm, tactile character that enriches the material's expression.
