## Product Description

The Moon Floor Lamp is more than a source of light - it is a sculptural masterpiece, a poetic fusion of balance and geometry. Every element is meticulously composed, harmonizing in a dance of perfect proportion.

Inspired by the ethereal beauty of the cosmos, this minimalist design embodies the quiet elegance of celestial bodies suspended in space. Two radiant light sources glow like distant stars, gracefully positioned along a polished chrome arm. Floating effortlessly, an oversized chrome lampshade mirrors the moon itself, casting a luminous reflection from both sides and creating an atmosphere of depth, clarity, and quiet wonder. Grounded by a solid Silver Travertine base, the Moon Lamp achieves the impossible - a balance between weight and weightlessness, structure and fluidity, function, and artistry.

The Moon Floor Lamp is not just an object, but an experience - one that transforms a space into a sanctuary of light and serenity, a timeless statement, and an invitation to embrace beauty, simplicity, and the magic of illumination.

Perfect beside a lounge chair, framing a reading corner, or as a dramatic focal point in a living room, the Moon Floor Lamp elevates any interior with its sculptural presence and atmospheric glow.

## Maintenance Guide Description

Our lamps in Chrome (Cr III) and Silver Travertine combine sleek precision with the timeless beauty of natural stone. To preserve their finishes and ensure lasting quality, gentle and regular care is essential.

The Chrome (Cr III) finish should be dusted with a soft, dry microfiber cloth to remove dust and fingerprints. For deeper cleaning, use a slightly damp cloth with mild, pH-neutral soap, then dry immediately with a clean, lint-free cloth to restore its mirror-like brilliance. Avoid abrasive pads, acidic solutions, harsh detergents, or ammonia-based cleaners, as these may scratch or dull the chrome surface. Take care when handling the chrome shade, as its edges can be very sharp always clean with caution to avoid injury.

The Silver Travertine, a natural stone, should be treated with care to maintain its unique character and layered texture. Dust regularly with a microfiber cloth, and if necessary, wipe with warm water and a very mild soap solution, then dry immediately with a clean, lint-free cloth to prevent water marks. Never use acidic cleaners (such as vinegar or citrus-based products), bleach, or abrasive pads, as these can etch or dull the surface and alter its silvery taupe tones. Each piece of Silver Travertine carries its own natural variation in veining and colour, making every lamp truly one of a kind.

Always switch off and unplug the lamp before cleaning, and avoid placing it in areas with high humidity or direct water contact. With simple, consistent care, the Chrome (Cr III) will preserve its liquid-metal brilliance, and the Silver Travertine will retain its natural sophistication ensuring your lamp remains timeless and refined for years to come.
