## **No. 2 Pendant Lamp - Chrome**

Designed by

Kristian Sofus Hansen &  
Tommy Hyldahl

# No. 2 Pendant Lamp - Chrome

---

## Product Description

The No. 2 Pendant Lamp is a refined balance of detail and proportion, where timeless elegance meets modern minimalism. Inspired by the Art Deco era, the design is defined by its distinctive socket detail, featuring vertical lines that catch and reflect light with a subtle shimmer.

Paired with a circular opal glass lampshade, the chrome-finished body creates a soft, ambient glow while maintaining a precise, architectural expression. The polished chrome surface reflects its surroundings with mirror-like clarity, enhancing the pendant's luminous presence without overpowering the space.

Whether suspended as a single statement or arranged in a rhythmic cluster above a dining table, kitchen island, or hallway, the No. 2 Pendant Lamp brings warmth, refinement, and quiet artistry to both contemporary and classic interiors.

## Designer Description

Tommy Hyldahl and Kristian Sofus Hansen intertwine their distinct sensibilities to create designs where storytelling, materiality, and timeless form meet in quiet harmony.

With a background in fashion, Tommy brings an intuitive eye for trends, colors, and textures. His process is one of layering histories, blending details and references from past design periods and reimagining them into something fresh and contemporary. Each collection unfolds as a narrative, evolving from concept to creation, with every element contributing to a greater story.

Kristian, who has lived and studied in Japan, seeks to unite Japanese aesthetics with Danish design, creating a characteristic twist on simplicity itself. His work is defined by the search for subtle, original details that elevate each piece with a unique signature. Drawing inspiration from art and sculpture, his creative process unfolds in new and exciting ways, always striving to craft designs that are both functional and timeless.

Together, they craft design that transcends time, poetic yet practical, expressive yet enduring.

### Family Description Text

The No. 2 Pendant is a masterful balance of detail and proportion, where timeless elegance meets modern minimalism. Inspired by the Art Deco era, its exquisite socket detail features vertical lines that create a subtle shimmer, beautifully complementing the soft, ambient glow from the circular opal glass lampshade. Together, these elements form a design that is both striking and understated sophisticated yet effortlessly versatile. Whether displayed as a single statement piece or in a harmonious arrangement of multiple pendants, the No. 2 Pendant brings warmth, refinement, and a touch of artistry to any space.

### Color Description

Chrome is a sleek, mirror-like silver with liquid clarity, polished to brilliance. It reflects its surroundings with sharp precision, evoking the clarity of liquid metal. Luminous and sophisticated, this finish embodies modernist purity and serves as both a striking highlight and a refined counterbalance to textured tones.

### Maintenance Guide Description

Our lamps in Chrome (Cr III) and matte opal glass combine mirrored brilliance with a soft, velvety glow. To preserve their beauty and ensure lasting quality, gentle and regular care is essential.

#### Chrome (Cr III)

Clean the chrome surface with a soft, dry microfiber cloth to remove dust and fingerprints. For deeper cleaning, use a slightly damp cloth with mild, pH-neutral soap, then dry immediately with a lint-free cloth to restore its mirror-like clarity. Avoid abrasive pads, harsh detergents, acidic solutions, or ammonia-based cleaners, as these can scratch or dull the chrome finish.

#### Matte Opal Glass

Dust regularly with a microfiber cloth. If necessary, clean with warm water and a small amount of mild soap, then dry immediately with a lint-free cloth to prevent streaks or water marks. Avoid abrasive sponges, ammonia-based cleaners, or strong detergents, as these may scratch or dull the velvety matte surface.

#### General Care

Always switch off and unplug the lamp before cleaning. Keep it away from excessive humidity or direct water contact. With simple, consistent care, the Chrome (Cr III) will preserve its liquid-metal brilliance, while the matte opal glass will maintain its soft, luminous glow ensuring the lamp remains refined and timeless for years to come.

### Materials Description

The chrome finish combines technical precision with modernist clarity. Using Decorative Trivalent Chrome Plating (Cr III) on aluminium, the surface is polished to a mirrored brilliance that reflects its surroundings with sharp precision. Sleek and striking, it serves as a counterbalance to textured finishes, capturing light and form like liquid metal while embodying the clean lines of contemporary design.
