Tommy Hyldahl

Totem Floor Lamp - Bronze

Product Description

Rising with the quiet strength of an ancient monument, the Totem Floor Lamp is more than just a source of light it is a sculptural statement, a symphony of form and illumination. A true embodiment of 101 Copenhagen's signature design philosophy, it transforms any space with its ethereal presence.

From within two circular metal screens, a soft, ambient glow emerges, their subtly curved edges creating an enchanting interplay of light and shadow. When viewed from the front, the lamp casts a perfect halo an artistic reflection of its own form, as if capturing the essence of celestial movement.

Suspended in an almost weightless balance, the floating lampshades are gracefully elevated by a slender metal pole, anchored to a half-circular base. This harmonious contrast between solidity and lightness creates a striking visual equilibrium, blending sculptural beauty with functional design.

Designer Description

Tommy Hyldahl and Kristian Sofus Hansen intertwine their distinct sensibilities to create designs where storytelling, materiality, and timeless form meet in quiet harmony.

With a background in fashion, Tommy brings an intuitive eye for trends, colors, and textures. His process is one of layering histories, blending details and references from past design periods and reimagining them into something fresh and contemporary. Each collection unfolds as a narrative, evolving from concept to creation, with every element contributing to a greater story.

Kristian, who has lived and studied in Japan, seeks to unite Japanese aesthetics with Danish design, creating a characteristic twist on simplicity itself. His work is defined by the search for subtle, original details that elevate each piece with a unique signature. Drawing inspiration from art and sculpture, his creative process unfolds in new and exciting ways, always striving to craft designs that are both functional and timeless.

Together, they craft design that transcends time, poetic yet practical, expressive yet enduring.

Totem Floor Lamp - Bronze

Family Description Text

Rising with the quiet strength of an ancient monument, the Totem Floor Lamp is more than just a source of light it is a sculptural statement, a symphony of form and illumination. A true embodiment of 101 Copenhagen's signature design philosophy, it transforms any space with its ethereal presence.

From within two circular metal screens, a soft, ambient glow emerges, their subtly curved edges creating an enchanting interplay of light and shadow. When viewed from the front, the lamp casts a perfect halo an artistic reflection of its own form, as if capturing the essence of celestial movement.

Suspended in an almost weightless balance, the floating lampshades are gracefully elevated by a slender metal pole, anchored to a half-circular base. This harmonious contrast between solidity and lightness creates a striking visual equilibrium, blending sculptural beauty with functional design.

Color Description

Hand Brushed Bronze carries a warm grey metallic tone, softened by delicate brushstrokes that create a smooth matte surface. The finish reveals subtle variations in texture and depth, giving it a calm and understated character. Elegant and versatile, it bridges the richness of metal with a modern, architectural expression.

Totem Floor Lamp - Bronze

Maintenance Guide Description

Hand-brushed plated aluminium is sealed with a protective matte coating that preserves its soft sheen and quiet variations in texture. To maintain the beauty of your light, simply dust or wipe the surface with a soft cloth, using a little water only when necessary and always drying immediately afterwards. Abrasive cloths, brushes, solvents or strong detergents should be avoided, as they may damage the delicate brushed finish and its protective layer. The subtle variations in tone are intentional, a natural result of the hand-brushing process, and are not meant to be polished away. Always switch off and unplug the lamp before cleaning, and avoid exposing it to excessive humidity or direct contact with water. With gentle care, the surface will retain its richness and timeless character, carrying the traces of craftsmanship that make each piece unique.

Materials Description

Hand-brushed plated aluminium reflects the meeting of craftsmanship and time. Each piece is plated and then brushed by hand, creating subtle variations in tone and texture that make every object unique. A final matte coating softens the sheen into a silky finish, enhancing the surface with quiet movement and depth.
