Neon Side Table, Bronze

Designed by

Kristian Sofus Hansen &
Tommy Hyldahl

Neon Side Table, Bronze

Product Description

Inspired by the vibrant 80s neon aesthetic, the Neon Table masterfully merges the utility of a side table with the luminescence of a floor lamp. Its bronze-plated tabletop is elegantly upheld by nine radiant legs crafted from pristine white acrylic tubes. The Neon Table is equipped with an integrated LED light that offers a remarkable 25,000 hours of illumination. Contrary to the typical cool luminescence associated with neon, the lamp is meticulously designed to radiate a soft, warm glow at 2400 Kelvin, enveloping spaces in a cozy ambiance. The table's lightweight design makes it effortlessly portable, and it seamlessly connects to a power source via its sleek black cord. All metallic components showcase a sophisticated bronze plating.

Ideal as a statement piece in living rooms, lounges, or creative spaces, the Neon Table offers both functional surface space and atmospheric lighting, bringing a warm, artistic glow to any setting.

Designer Description

Tommy Hyldahl and Kristian Sofus Hansen intertwine their distinct sensibilities to create designs where storytelling, materiality, and timeless form meet in quiet harmony.

With a background in fashion, Tommy brings an intuitive eye for trends, colors, and textures. His process is one of layering histories, blending details and references from past design periods and reimagining them into something fresh and contemporary. Each collection unfolds as a narrative, evolving from concept to creation, with every element contributing to a greater story.

Kristian, who has lived and studied in Japan, seeks to unite Japanese aesthetics with Danish design, creating a characteristic twist on simplicity itself. His work is defined by the search for subtle, original details that elevate each piece with a unique signature. Drawing inspiration from art and sculpture, his creative process unfolds in new and exciting ways, always striving to craft designs that are both functional and timeless.

Together, they craft design that transcends time, poetic yet practical, expressive yet enduring.

Neon Side Table, Bronze

Family Description Text

The Neon Table, A Glow from the Past, Reimagined for Today. Bathed in the spirit of the eighties, the Neon Table captures the rhythm of a bygone era and transforms it into a modern icon of light and form. It stands as both a beacon and a companion, part sculpture, part furniture, entirely mesmerizing.

With a warm, gentle glow, it fills the room with quiet radiance, evoking the pulse of neon nights and the hush of dawn. Its luminous legs and bronzed surface speak in harmony, a dance between nostalgia and elegance, between shimmer and stillness.

Light as a whisper yet full of presence, the Neon Table moves with you, finding its place wherever imagination lingers. It does not simply illuminate; it breathes life into space, turning shadows into poetry and light into memory.

Color Description

Hand Brushed Bronze carries a warm grey metallic tone, softened by delicate brushstrokes that create a smooth matte surface. The finish reveals subtle variations in texture and depth, giving it a calm and understated character. Elegant and versatile, it bridges the richness of metal with a modern, architectural expression.

Neon Side Table, Bronze

Maintenance Guide Description

Our lights crafted in hand-brushed plated aluminium with acrylic tubes combine tactile warmth with luminous clarity. To preserve their beauty and ensure lasting quality, regular and gentle care is essential.

The hand-brushed plated aluminium should be cleaned with a soft, dry microfiber cloth to remove dust. For deeper cleaning, use a slightly damp cloth with mild, pH-neutral soap, wiping gently along the direction of the brushing to maintain the surface's subtle texture. Avoid abrasive pads, acidic solutions, or metal polishes, as these may damage the plated finish or alter its refined appearance.

The acrylic tubes require equally careful maintenance. Dust regularly with a soft microfiber cloth, and if necessary, clean with warm water and a small amount of mild soap. Dry immediately with a clean, lint-free cloth to preserve their luminous clarity. Do not use alcohol, solvents, or abrasive cleaners, as these can cause scratches or clouding.

Always switch off and unplug the light before cleaning, and avoid exposing the finishes to excessive humidity or direct water contact. With simple, consistent care, the hand-brushed plated aluminium will retain its crafted elegance, and the acrylic tubes will continue to radiate their soft, glowing presence ensuring your lamp remains timeless for years to come.

Materials Description

Our lights combine the tactile refinement of hand-brushed plated aluminium with the luminous clarity of acrylic tubes. The aluminium is plated in carefully developed finishes, then brushed by hand to create subtle variations in tone and texture details that make each piece unique. Its surface carries both resilience and warmth, a crafted metal elevated by human touch.

In dialogue with this, the acrylic tubes introduce a sense of lightness and radiance. Their crystalline transparency captures and diffuses light, softening the solidity of metal with a glowing clarity. Together, the two materials create a balance of strength and luminosity, weight and air, precision and atmosphere.

The result is a composition where crafted detail meets ethereal light lighting that is as much sculpture as function, designed to remain timeless in both expression and presence.
