Tommy Hyldahl

Reflect Table Lamp - Chrome

Product Description

This refined small table lamp seamlessly blends minimalist design with versatile functionality, offering an ideal lighting solution for modern interiors. The lamp's sleek silhouette is constructed from a slim, rectangular metal cage with a mirror chrome finish, housing a concealed E14 socket. A white opal glass lid sits above the socket, gently diffusing the light and directing it toward a circular metal reflector positioned on a slender metal pipe.

Featuring a moveable joint at the connection between the pipe and the reflector, the lamp allows for personalized light adjustments. Direct the screen downward for a cozy, atmospheric glow, or turn it upwards to brighten the room, perfect for highlighting objects or enhancing spatial features. This thoughtfully designed lamp adds both functionality and elegance to any setting, capturing a balance of light and form.

Designer Description

Tommy Hyldahl and Kristian Sofus Hansen intertwine their distinct sensibilities to create designs where storytelling, materiality, and timeless form meet in quiet harmony.

With a background in fashion, Tommy brings an intuitive eye for trends, colors, and textures. His process is one of layering histories, blending details and references from past design periods and reimagining them into something fresh and contemporary. Each collection unfolds as a narrative, evolving from concept to creation, with every element contributing to a greater story.

Kristian, who has lived and studied in Japan, seeks to unite Japanese aesthetics with Danish design, creating a characteristic twist on simplicity itself. His work is defined by the search for subtle, original details that elevate each piece with a unique signature. Drawing inspiration from art and sculpture, his creative process unfolds in new and exciting ways, always striving to craft designs that are both functional and timeless.

Together, they craft design that transcends time, poetic yet practical, expressive yet enduring.

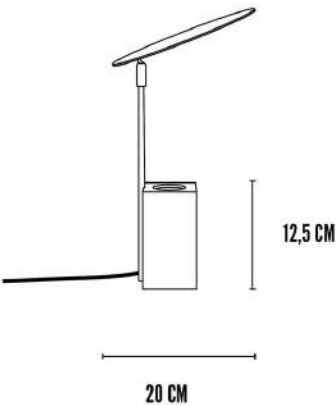

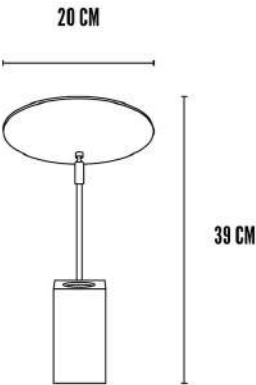

Reflect Table Lamp - Chrome

Family Description Text

This small table lamp is a meditation on simplicity and grace, where minimalist design flows seamlessly into versatile function. Its slender outline emerges from a polished chrome cage, a quiet geometry that frames space with subtle precision. At its core, a hidden E14 socket rests beneath an opal glass lid, transforming light into a soft, radiant presence.

From there, illumination is guided toward a circular reflector poised delicately on a slender stem. A movable joint invites the hand to shape the atmosphere. Tilt the shade downward for a pool of intimate glow, or lift it upward to unveil objects and architecture in luminous clarity.

Every line, every surface, is carefully considered. More than a lamp, it becomes a sculptural companion, offering light not just as function but as atmosphere, quiet, adaptable, and timelessly refined.

Color Description

Chrome is a sleek, mirror-like silver with liquid clarity, polished to brilliance. It reflects its surroundings with sharp precision, evoking the clarity of liquid metal. Luminous and sophisticated, this finish embodies modernist purity and serves as both a striking highlight and a refined counterbalance to textured tones.

Reflect Table Lamp - Chrome

Maintenance Guide Description

Our lamps finished in Chrome (Cr III) are crafted to reflect light with a mirror-like brilliance. To preserve this clarity and ensure lasting quality, regular and gentle care is essential. The surface should be wiped with a soft, dry microfiber cloth to remove dust and fingerprints, and for deeper cleaning a slightly damp cloth with mild, pH-neutral soap may be used, followed by immediate drying with a clean, lint-free cloth. Avoid abrasive pads, acidic solutions, ammonia-based cleaners, or strong detergents, as these can scratch the surface or dull its mirrored finish. Always switch off and unplug the lamp before cleaning, and keep it away from high humidity or direct water contact. With simple, consistent care, the Chrome (Cr III) finish will maintain its liquid-metal clarity and sleek, modern presence, ensuring your lamp remains striking and timeless for years to come.

Materials Description

The chrome finish combines technical precision with modernist clarity. Using Decorative Trivalent Chrome Plating (Cr III) on aluminium, the surface is polished to a mirrored brilliance that reflects its surroundings with sharp precision. Sleek and striking, it serves as a counterbalance to textured finishes, capturing light and form like liquid metal while embodying the clean lines of contemporary design.
